HBO Seattle

For: Technical Program Manager

Dear Hiring Manager,

My name is Sam Robinson. Thank you for the opportunity to apply for the Technical Program Manager position. After reviewing the skills and experience you are looking for I know that I could be immediately helpful in this role at HBO. With my technical and managerial skills I know I would be an excellent candidate at any mobile app developer.

I am a driven Program Manager that has a proved track record for shipping IOS and Android apps. Over the past 4 years I have done nothing but efficiently and effectively ship mobile titles for both IOS and Android in a Technical or Managerial Position. I have been consistently praised for my ability to effectively communicate goals, keep a cross discipline team focused and help troubleshoot the problems of every discipline on my team. Adding an excellent understanding of mobile development cycles, scrum/agile, javascript, R, Python and an array of management methodologies to my skill set has given me the tool set to help create excellent apps. I invite you to look over my skills and interests to get an understanding of everything that I bring to the table as a Program Manager.

After reviewing my resume I hope that you can agree that I am the kind of Program Manager that can jump into a team and be immediately effective. I look forward to having the chance to elaborate on my track record as a mobile developer and my skills can benefit a team at HBO. Please contact me via email at Sam7r7@gmail.com to arrange a phone call or meeting.

Thank you for your time and consideration, and I look forward to hearing from you,
Sam Robinson
